Learn how to welcome new neighbors into your community, particularly when they might be far from home, in this uplifting and diverse picture book that champions human connection and inclusivity. After all, the world is everyone's home and we're one big family! When we see someone new in our neighborhood, how can we help them feel safe and loved and important? How can we tell them, you're not alone? There are so many ways! From the creators of Miry's List, the nonprofit that has helped thousands of refugees, *Our World is a Family* is an all-ages picture book exploring the complicated topic of human migration in a gentle, loving, and affirming way. It lightly touches on the reason people might leave their homes, like climate change or lack of safety, and inspires children to welcome their new neighbors into their communities with love. "What do angels do all day, Papa?" When Papa finds Little Cub looking for angels, it gives him a chance to tell his beloved child about those that may be in their midst, even when they can't be seen. Exploring their exhilarating Arctic world as they talk, Papa lovingly answers all of Little Cub's questions about angels—and as usual, she has a lot. She wants to know what they do, how they look, how they guard God's loved ones, and best of all, how they serve the Creator of the world. "God really created angels to serve him more than us, Little Cub. They love him and would do anything for him." This uplifting tale will encourage young hearts by exploring the glory and design of God's messengers, while turning toward him with praise. Also available: *God Gave Us You God Gave Us Two God Gave Us Christmas God Gave Us Heaven God Gave Us Love God Gave Us the World God Gave Us Easter* Over two million copies in the series sold! This fun, inclusive board book celebrates the one thing that makes every family a family . . . and that's LOVE. Love is baking a special cake. Love is lending a helping hand. Love is reading one more book. In this exuberant board book, many different families are shown in happy activity, from an early-morning wake-up to a kiss before bed. Whether a child has two moms, two dads, one parent, or one of each, this simple preschool read-aloud demonstrates that what's most important in each family's life is the love the family members share. A collection of stories,

poems, and songs about different types of families and family relationships. Understanding divorce--a healing drawing and activity book for kids Unlike other divorce books for kids, My Family is Changing helps your child (age 5-7) process what's happening through sympathetic stories that feature a diverse collection of children. Each story also serves as a starting point for a host of activities and drawing pages that provide a safe space for them to explore and express their feelings. My Family is Changing goes beyond other divorce books for kids, with: Understanding divorce--Help your child deal with some of the new challenges they might face--like separate houses, different weekend activities, and changing traditions--in a supportive way. 7 Insightful stories--Your child will discover that they aren't alone thanks to comforting stories about other children whose parents are also divorcing. Emotional discovery--Activities like drawing their changing family to making a calendar of things they want to do make this a standout among divorce books for kids. Divorce books for kids should provide tools for kids to not just learn, but also share their feelings--and this book delivers results. People today are sleep-deprived, and nowhere are the negative effects felt more acutely than in families. Most parents realize that their families aren't getting enough sleep, though they likely don't understand how serious the problem is and need help finding a solution. In this book, renowned psychologist and best-selling author Arch Hart explores why sleep is so important, what happens when family members are chronically sleep deprived, and how families can start developing healthy sleep habits. An introduction to the family, including relationships and roles of family members and rules and responsibilities that make family life healthy and happy. A family can be made in different ways. Families are all made from love. Let's learn how a family can be made. Paired to the fiction title The Family Photo. Henry, Claire, and Joe hate it when their parents fight. The fighting often wakes them from a sound sleep, causing Claire and Joe to cry. The crying makes their father angrier--sometimes he even hits their mother. A foodie French bulldog finds a forever home in this heartwarming and adorable debut picture book, sure to appeal to fans of Gaston, Ellie, and Little Elliot, Big City. Meet Louie. He's a dog of very fine taste. He knows every chef in town, and each day he wanders the city, visiting his favorite restaurants. It's a good life, except... Louie is all on his own. What Louie wants more than anything is a family. But try as he might, Louie can't seem to find a family that's right for him. At the beach, he meets a little boy and his mother... but they're eating green jello salad and sardine sandwiches (Louie's least favorite foods!). At his favorite sushi restaurant, Louie spies a father and daughter with an open seat at their table... but their cat chases him away. At the park, he meets a nice family having a yummy barbecue, but when they invite him to play frisbee... Louie just can't keep up. Where-oh-where will Louie find a just-right family of his very own? Kids' Indie Next List Includes a readers group guide (topics and questions for discussion; a conversation with the author). Families blend together for a variety of reasons. Widowed or divorced parents choose to remarry. An ailing or elderly relative can no longer live alone and moves in with his son's family. A family chooses to adopt a child. Economic circumstances force family members to combine households. Regardless of why it happens, creating a blended family is a process of transition that takes time, patience, humor, compassion, and a whole lot of conversation. In Growing Into a Family, author Cynthia Geisen guides children and the caring adults in their lives through the many questions and mixed feelings that blended families face. In the end, it is love, compassion, persistence, and a large dollop of humor that are really the tools that will help young readers find peace and joy in their family's new realities. ****Breakfast**Brunch**The Lunch Box**Snack Attack**Dinners**Desserts**** What could be more important to parents than a healthy, well-fed family? As two urban, working moms, Ceri Marsh and Laura Keogh learned quickly how challenging healthy meal-times can be. So they joined forces to create the Sweet Potato Chronicles, a website written for, and by, non-judgemental moms, packed full of nutritious recipes for families. In the How to Feed a Family cookbook, Laura and Ceri have selected their very favorite recipes, to create a collection of more than 100 for all ages to enjoy. These are recipes that are tailored specifically to families: they are simple, fast, easy-to-follow, and use ingredients that are readily-available at your local grocery store. Ceri and Laura

unveil their tried, tested and true tricks for turning nutritious, sophisticated dishes into kid-friendly masterpieces, that will guarantee you success at meal-time, time and time again. Interspersed with the recipes are parenting tips and advice to encourage happy meal-times for the whole family: get ready to turn your picky eaters into enthusiastic kitchen helpers! Introduces readers to the concept of the family and some of the types of family relations. Ants have a colony. Bats have a cloud. Chickens have peeps, where they can get loud. All the way from A to Z, this colorful alphabet primer celebrates all kinds of diverse families, giving each animal family a name. With dolphins and their pods, iguanas and their messes, and kitties and their litters, it's easy to learn about what makes a family . . . well, a family! Packaged as a well-crafted, sturdy, padded board book, it will stand up to years of exploration. Whether you are teaching the alphabet, animals, different types of families, or celebrating your own unique family, What is a Family is a colorful and fun introduction to the families all around us. Families are groups that take care of their own. They all stick together to help make a home. This is the first practical guide for the families of children and teenagers with celiac disease, a chronic, life-long digestive disorder. As many as one out of 150 to 250 Americans is born with this genetic auto-immune condition, which is characterised by intolerance of gluten -- a substance in wheat, oats, barley, malt, and other food additives -- and often goes undiagnosed. In a supportive conversational style, Danna Korn shows that it's possible for kids with celiac disease and their families to lead happy and healthy lives. Parents find advice on how to deal with the diagnosis, cope with the emotional turmoil, and help their child develop a positive and constructive attitude. Especially important is the guidance on menu planning, grocery shopping, strategies for proper food preparation, and deciding whether or not the entire family should be gluten-free. There's even a section on junk food! What about the child who has difficulty sticking with the prescribed diet? Parents find tips on conditioning behavior and how and when to give kids some control over what they eat. Also covered is the challenge of controlling meals outside of the home -- at birthday parties, restaurants, camp, and on vacation. There's also information about how federal regulations and tax laws apply to children with celiac disease. As the only comprehensive book of its kind, This book will be the bible for the thousands of families coping with this condition. Physicians and nutritionists too, will want to refer new families to this complete resource. Little Pup's wolf family is on their way to a special reunion—with lots of cousins, games, roasting marshmallows, and fun! As the young wolf thinks about different kinds of families, it's the perfect opportunity for Mama and Papa to teach their inquisitive child about the families that God brings together. Some families are big and others are small, some are led by grandparents or just one parent, and some families include adopted little ones— yet each family is truly special. Even the members of Little Pup's pack make up an important role in his family, although they sometimes pester him. Papa gently reminds his son... "We need to love the family God gave us." A heartwarming and colorful addition to the best-selling God Gave Us series, this tale will delight young hearts and help them understand how families of all types reflect God's unconditional love. Stories We Shared is a hardback reading journal designed with parents and children in mind. It's a thoughtful way to record the shared literary journey that a family embarks on together. Stories We Shared contains original line art from Jamin Still, an intro essay from Douglas Kaine McKelvey, and spaces to record title, author, and notes for several hundred books. Plus, this family book journal boasts a number of added features---like literary quotes peppered amongst the pages, and family reading "quest" activities---that will make it an even more useful and inspiring resource for families to enjoy together. It's an ideal gift for new or expectant parents and for families who love to read together (or who want to start a shared reading adventure and encourage their children towards a love of stories and literature). Introduces the numbers one through twenty against a background of impressionistic oil paintings portraying gay and lesbian parents and racial diversity. The instant New York Times bestseller! "Emily Oster dives into the data on parenting issues, cuts through the clutter, and gives families the bottom line to help them make better decisions." -Good Morning America "A targeted mini-MBA program designed to help moms and dads establish best practices for day-to-day operations." -The

Washington Post From the bestselling author of *Expecting Better* and *Cribsheet*, the next step in data driven parenting from economist Emily Oster. In *The Family Firm*, Brown professor of economics and mom of two Emily Oster offers a classic business school framework for data-driven parents to think more deliberately about the key issues of the elementary years: school, health, extracurricular activities, and more. Unlike the hourly challenges of infant parenting, the big questions in this age come up less frequently. But we live with the consequences of our decisions for much longer. What's the right kind of school and at what age should a particular kid start? How do you encourage a healthy diet? Should kids play a sport and how seriously? How do you think smartly about encouraging children's independence? Along with these bigger questions, Oster investigates how to navigate the complexity of day-to-day family logistics. Making these decisions is less about finding the specific answer and more about taking the right approach. Parents of this age are often still working in baby mode, which is to say, under stress and on the fly. That is a classic management problem, and Oster takes a page from her time as a business school professor at the University of Chicago to show us that thoughtful business process can help smooth out tough family decisions. *The Family Firm* is a smart and winning guide to how to think clearly--and with less ambient stress--about the key decisions of the elementary school years. Parenting is a full-time job. It's time we start treating it like one. *A Powerful Approach to Bringing God's Grace to Kids* Did you know that the way we deal (or don't deal) with our kids' misbehavior shapes their beliefs about themselves, the world, and God? Therefore it's vital to connect with their hearts--not just their minds--amid the daily behavior battles. With warmth and grace, Jim and Lynne Jackson, founders of *Connected Families*, offer four tried-and-true keys to handling any behavioral issues with love, truth, and authority. You will learn practical ways to communicate messages of grace and truth, how to discipline in a way that motivates your child, and how to keep your relationship strong, not antagonistic. Discipline is more than just a short-term attempt to modify your child's actions--it's a long-term investment to help them build faith, wisdom, and character for life. When you discover a better path to discipline, you'll find a more well-behaved--and well-believed--kid. *Parenting with a Global Vision* is a six-lesson, self-guided study for parents to do on their own or with a group. Lessons emphasize the strategic role that parents play in discipling their children and cast vision for why parents should intentionally disciple their family in God's mission. Content introduces 1) God's global heart and purposes, 2) the spiritual state of the world, 3) the current reality for unreached people groups, and 4) the role believing families can play in blessing the unreached people groups of their day. Lessons give parents suggestions for integrating God's mission into their family discipleship by building on the fundamentals of God's Word, God's world, and God's work. Each lesson gives simple steps for application. Although created as a personal study, each lesson also includes a Group Discussion Guide for parents who would like to process what they are learning in a small-group setting. When a teacher asks her class to think about what makes their families special, the answers are all different, but the same in one important way ... When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways — but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them — family of every shape, size and every kind of relation — the child realizes that as long as her family is full of caring people, it is special. A warm and whimsical look at many types of families, written by award-winning author Sara O'Leary, with quirky and sweet illustrations by Qin Leng. Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.K.1 With prompting and support, ask and answer questions about key details in a text. CCSS.ELA-LITERACY.RL.1.2 Retell stories, including key details, and demonstrate understanding of their central message or lesson. CCSS.ELA-LITERACY.RL.1.6 Identify who is telling the story at various points in a text. CCSS.ELA-LITERACY.RL.1.9 Compare and contrast the adventures

and experiences of characters in stories. CCSS.ELA-LITERACY.RL.2.6 Acknowledge differences in the points of view of characters, including by speaking in a different voice for each character when reading dialogue aloud. Introduces the different combinations of people that may make up a human family, and compares them to family types in the animal kingdom In Better Together, each spread starts with a single animal, all alone. Then a gatefold opens to reveal that the single animal is actually one of many animals working together to comfort, feed, and protect one another. At the end, we see how human families come together in similar ways to care for their little ones. Careful readers will be delighted to see that every animal mentioned in the book is hidden somewhere in the last image. The final spread offers interesting facts about the animals in the book, including the collective nouns for each. Jared Andrew Schorr's bright, lively cut-paper illustrations and an unexpected freshness round out a very satisfying package. Since its original publication in 1987, Like a Family has become a classic in the study of American labor history. Basing their research on a series of extraordinary interviews, letters, and articles from the trade press, the authors uncover the voices and experiences of workers in the Southern cotton mill industry during the 1920s and 1930s. Now with a new afterword, this edition stands as an invaluable contribution to American social history. "The genius of Like a Family lies in its effortless integration of the history of the family--particularly women--into the history of the cotton-mill world.--Ira Berlin, New York Times Book Review "Like a Family is history, folklore, and storytelling all rolled into one. It is a living, revelatory chronicle of life rarely observed by the academe. A powerhouse.--Studs Terkel "Here is labor history in intensely human terms. Neither great impersonal forces nor deadening statistics are allowed to get in the way of people. If students of the New South want both the dimensions and the feel of life and labor in the textile industry, this book will be immensely satisfying.--Choice Rick Santorum made his name in the 2012 presidential race with his principled conservatism. To understand Santorum's worldview and vision for America, there is no better source than his New York Times bestselling book, It Takes a Family. It Takes a Family is one of the most profound and comprehensive books of political thought ever written by a politician. Santorum offers a penetrating look at the social, political, and economic shifts that have hurt American families—and a principled, genuinely conservative plan for reversing this slide. Here Santorum explains his core beliefs, laying out a humane vision that he believes must inform public policy if it is to be effective and just. Politicians of both parties, he shows, fail to address the way Americans truly live their lives: in families, neighborhoods, churches, and communities. It Takes a Family is animated by an appreciation for the civic bonds that unite a community—an appreciation that lies at the heart of genuine conservatism. A free open access ebook is available upon publication. Learn more at www.luminosoa.org. What Is a Family? explores the histories of diverse households during the Tokugawa period in Japan (1603–1868). The households studied here differ in locale and in status—from samurai to outcaste, peasant to merchant—but what unites them is life within the social order of the Tokugawa shogunate. The circumstances and choices that made one household unlike another were framed, then as now, by prevailing laws, norms, and controls on resources. These factors led the majority to form stem families, which are a focus of this volume. The essays in this book draw on rich sources—population registers, legal documents, personal archives, and popular literature—to combine accounts of collective practices (such as the adoption of heirs) with intimate portraits of individual actors (such as a murderous wife). They highlight the variety and adaptability of households that, while shaped by a shared social order, do not conform to any stereotypical version of a Japanese family. Celebrates the many different ways that families show their love for one another, in a text with a mirror and fill-in family tree. A little girl and her parents have lost their home and must live in a homeless shelter. Even worse, due to a common shelter policy, her dad must live in a men's shelter, separated from her and her mom. Despite these circumstances, the family still finds time to be together. They meet at the park to play hide-and-seek, slide on slides, and pet puppies. While the young girl wishes for better days when her family is together again under a roof of their very own, she continues to remind herself that they're still a family even in times of separation. Parenting

is hard work and in today's busy society it's easy for families to get off track, unsure of the direction they're headed. Your Family Compass gives parents real tools for dealing with the challenges that come with raising children birth through the early teen years, and will truly put your family on a healthy path. Family is where the heart is. Even though all families are different, home is where your loved ones are! In this "funny and honest" (Pamela Druckerman) memoir, Slate editor Dan Kois sets out with his family on a journey around the world to change their lives together. What happens when one frustrated dad turns his kids' lives upside down in search of a new way to be a family? Dan Kois and his wife always did their best for their kids. Busy professionals living in the D.C. suburbs, they scheduled their children's time wisely, and when they weren't arguing over screen time, the Kois family-Dan, his wife Alia, and their two pre-teen daughters-could each be found searching for their own happiness. But aren't families supposed to achieve happiness together? In this eye-opening, heartwarming, and very funny family memoir, the fractious, loving Kois' go in search of other places on the map that might offer them the chance to live away from home-but closer together. Over a year the family lands in New Zealand, the Netherlands, Costa Rica, and small-town Kansas. The goal? To get out of their rut of busyness and distractedness and to see how other families live outside the East Coast parenting bubble. HOW TO BE A FAMILY brings readers along as the Kois girls-witty, solitary, extremely online Lyra and goofy, sensitive, social butterfly Harper-like through the Kiwi bush, ride bikes to a Dutch school in the pouring rain, battle iguanas in their Costa Rican kitchen, and learn to love a town where everyone knows your name. Meanwhile, Dan interviews neighbors, public officials, and scholars to learn why each of these places work the way they do. Will this trip change the Kois family's lives? Or do families take their problems and conflicts with them wherever we go? A journalistic memoir filled with heart, empathy, and lots of whining, HOW TO BE A FAMILY will make readers dream about the amazing adventures their own families might take. The movement from young adulthood through coupling and the transition to parenthood may be among the most universal adult developmental transitions. These passages hold interest for all of us, but especially for those who study the psychological, familial, and sociocultural components of development, all of which interact and influence each other. This book enhances understanding of family-life development by shedding light on the meanings that family members ascribe to the developmental process of becoming a family. This is achieved through qualitative analysis of narratives through which individuals and families explain themselves, their thinking, and their behavior. These family narratives are windows into individual and family identity, as well as descriptions of connections to others. The book addresses issues including identity, child characteristics, social support, and work. Each chapter includes a review of seminal literature, parents' comments and ideas about the topic, and a discussion of practice, policy, and research implications. Expanding on the stories in her popular column for the website Waging Nonviolence, Berrigan has crafted a welcome antidote to the various parenting fads currently on offer from French moms and tiger moms and mean moms. She offers a unique perspective on parenting that derives from hard work, deep reflection, and lots of trial and error. Analyzes the structure of families, examines the unexpressed rules used to raise children, and discusses family violence, child abuse, and dysfunctional families
