Politics and the English Language Oct 02 2022 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

A Shepherd to Fools Aug 27 2019 A Shepherd to Fools is the second of Drew Mendelson's trilogy of Vietnam War novels that began with Song Ba To and will conclude with Poke the Dragon. Shepherd: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, A Shepherd to Fools tells the harrowing tale of a covert Hatcher Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatcher Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the "worst of the worst" of the war's clandestine weapons.
