***How do salespeople become successful? According to the author, the only surefire way is to absorb new ideas and information one day at a time. That's the premise behind this sales guide that contains 250 "small" ideas that readers can put to work immediately to make a big improvement in selling and customer service effectiveness. Two basic formats are used for these idea-starters: FYI sections, simple checklists such as key points to remember when making a sales presentation, and forms and grids that guide the rep through such basic tasks as preparing a territory analysis or identifying specific customer service problems. Nearly 100 illustrations, charts, and worksheets are included.
