Bringers of the Dawn Dec 28 2022 Compiled from more than four hundred hours of channeling by Barbara Marciniak, *Bringers of the Dawn* imparts to us the wisdom of

the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

The clarity of his teachings is startling. He led Regina to the Heart, the Self, "I am that I am" with direct simplicity.

Dawn Raid Mar 19 2022 Imagine this: You're having an amazing family holiday, one where everyone is there and all 18 of you are squeezed into one house. All of sudden it's 4 o'clock in the morning and there's banging and yelling and screaming. The police are in the house pulling people out of bed ... Sofia is like most 12-year-old girls in New Zealand. How is she going to earn enough money for those boots? WHY does she have to give that speech at school? Who is she going to be friends with this year? It comes as a surprise to Sofia and her family when her big brother, Lenny, starts talking about protests, "overstayers", and injustices against Pacific Islanders by the government. Inspired by the Black Panthers in America, a group has formed called the Polynesian Panthers, who encourage immigrant and Indigenous families across New Zealand to stand up for their rights. Soon the whole family becomes involved in the movement. Told through Sofia's diary entries, with illustrations throughout, Dawn Raid is the story of one ordinary girl living in extraordinary times, learning how to stand up and fight.

Sex at Dawn Mar 27 2020 Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science—as well as religious and cultural institutions—has maintained that men and women evolved in families in which a man's

possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married, and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers Christopher Ryan and Cacilda Jethå. While debunking almost everything we "know" about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jethå's central contention is that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together convergent, frequently overlooked evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar, intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love, cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jethå show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many; why sexual passion tends to fade even as love deepens; why

many middle-aged men risk everything for transient affairs with younger women; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at Dawn* unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do.

Family of Light Oct 26 2022 With compassion and compelling insight, the Pleiadians, those system-busting time-travelers from the future, take us on a journey through the uncharted lands of The Book of Earth, which comprises all human experience. While “our world goes belly-up in these most absurd of times,” they offer us “tools for survival.” During the crucial period between 1987 and 2012--a nanosecond in the annals of existence where secrets and solutions are stored--we have the unique opportunity to move from the deepest of density to the highest of frequencies--where we shift from linear to multi-dimensional living. To make this transition, we must face not only the limitations of our 3-D world with its electronic manipulation and mind control, we must embrace our own wounds, and those of our ancestors and our leaders. To heal ourselves, to raise our frequency from one of despair and fear to one of great inspiration and love, the Pleiadians urge us to rethink and reevaluate our lives: “You shall change, you will change, you must change, because this is the season of change.”

The Dawn of Everything Aug 12 2021 INSTANT NEW YORK TIMES

BESTSELLER A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in

archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. The Dawn of Everything fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

The Socrates Express Feb 06 2021 The New York Times bestselling author of *The Geography of Bliss* embarks on a rollicking intellectual journey, following in the footsteps of history's greatest thinkers and showing us how each—from Epicurus to Gandhi, Thoreau to Beauvoir—offers practical and spiritual lessons for today's unsettled times. We turn to philosophy for the same reasons we travel: to see the world from a different perspective, to unearth hidden beauty, and to find new ways of being. We want to learn how to embrace wonder. Face regrets. Sustain hope. Eric Weiner combines his twin passions for philosophy and travel in a globe-trotting pilgrimage that uncovers surprising life lessons from great thinkers around the world, from Rousseau to

Nietzsche, Confucius to Simone Weil. Traveling by train (the most thoughtful mode of transport), he journeys thousands of miles, making stops in Athens, Delhi, Wyoming, Coney Island, Frankfurt, and points in between to reconnect with philosophy's original purpose: teaching us how to lead wiser, more meaningful lives. From Socrates and ancient Athens to Beauvoir and 20th-century Paris, Weiner's chosen philosophers and places provide important practical and spiritual lessons as we navigate today's chaotic times. In a "delightful" odyssey that "will take you places intellectually and humorously" (San Francisco Book Review), Weiner invites us to voyage alongside him on his life-changing pursuit of wisdom and discovery as he attempts to find answers to our most vital questions. The Socrates Express is "full of valuable lessons...a fun, sharp book that draws readers in with its apparent simplicity and bubble-gum philosophy approach and gradually pulls them in deeper and deeper" (NPR).

In the Golden Dawn one studied Qabalah, astrology, tarot divination, geomancy, scrying, astral travel, alchemy, Ancient Egyptian religion, Theurgy, Freemasonry, Alchemy, Enochian magic, Christian mysticism, etc. It flourished until the London Adepts rebelled against their leader. This act of betrayal destroyed the Order, fragments of which carried on under other names. It is the opinion of the current editor that this rebellion destroyed the Golden Dawn for all time. Although other orders practiced its system, they were not the Golden Dawn, and more modern attempts to revive the Golden Dawn are simply not that Order; too much time has passed. This edition features illustrations of all officers' robes, brand new temple diagrams, and illustrations of all temple implements.
